the twelfth century was a time of cultural renewal and innovation in byzantium just as it was in the west in literature the long disused genres of epic satire and the novel or romance took new forms during that century at the same time in language the vernacular made its first tentative literary appearances these developments continued uninterrupted through the late byzantine and early modern periods scholarship since the nineteenth century has been sharply divided over these texts do they represent the first breakthrough of an emergent modern greek literature or merely a footnote to the byzantine learned tradition what in particular do they have to tell us about the collective self definition of the greek speakers who wrote them roughly during the period 1100 1600 and how has their subsequent reception contributed to defining and consolidating the national identity of the modern greeks since the nation state was established in the 1820s the papers collected in this book explore the relation between literary texts and collective consciousness scrutinizing the evidence of the texts themselves in their late or post byzantine context and assessing how their reception both influenced and was influenced by the processes of nation building in modern greece

archaeologist angela hunter unearths an ancient codex from a native american burial mound but how could an illiterate society have produced the complex writing seven hundred years ago a thriving civilization suddenly vanished as angela deciphers the mysterious codex symbols she begins to unravel one of archaeology s greatest mysteries despite forces trying to stop her from learning the chronicle s secrets angela discovers the horrifying truth can she prevent the tragedies of the past from happening again today

the brilliance of a master historian shines through this elegant and engaging memoir of a lifetime s work richard aldous wall street journal over a remarkable career bernard bailyn has reshaped our understanding of the early american past

inscribing his superb scholarship with passion and imagination honed by a commitment to rigor Bailyn captures the particularity of the past and its broad significance in precise elegant prose his transformative work has ranged from a new reckoning with the ideology that powered the opposition to British authority in the American Revolution to a sweeping account of the peopling of America and the critical nurturing of a new field the history of the Atlantic World illuminating history is the most personal of Bailyn's works it is in part an intellectual memoir of the significant turns in an immensely productive and influential scholarly career it is also alive with people whose actions touched the long arc of history among the dramatic human stories that command our attention a struggling Boston merchant tormented by the tensions between capitalist avarice and a constrictive Puritan piety an ordinary shopkeeper who in a unique way feverishly condemned British authority as corrupt and unworthy of public confidence a charismatic German Pietist who founded a cloister in the Pennsylvania wilderness famous for its strange theosophy its Spartan lifestyle and its rich musical and artistic achievement and the good townspeople of Petersham whose response in 1780 to a draft Massachusetts constitution speaks directly to us through a moving insistence on individual freedoms in the face of an imposing central authority here is vivid history and an illuminating self portrait from one of the most eminent historians of our time
